

Materials and Other Junk – 2012

Eureka Smile Center
Jack D Griffin, Jr DMD

Brain enhancers:

CRA Newsletter – 800.226.2121
Reality – www.realityesthetics.com
The Dental Advisor – www.dentaladvisor.com

Anesthetics:

Syringes – Septodont Standard (Gold) 1.8ml (www.septodont.com)
Needles – Transcendent Painless Steel 30 ga short needles (www.painless-steel.com)
Topical – Ultracare Walterberry flavor (www.ultradent.com)
Profound – Stevens Pharmacy (www.stevensrx.com)

Composites:

“Universal” Nano-microhybrid – Filtek Supreme Ultra, Enamel, compules Schein 777-0230 (www.3mespe.com)
Empress Direct, Schein #945-0103 (www.lvoclar.com), Venus Bulk Fill (www.heraeus-us.com)
“Anterior” Microfil – Renamel Microfil (www.cosmedent.com)
“Flowable” – Dyract flow (www.dentsply.com), Tetric Flow (www.ivoclar.com), Aeliteflo LV (www.bisco.com)
Tints – Creative Color (www.cosmedent.com)
Etch - Etch 37 phosphoric acid etch (www.bisco.com)
Single step bond agent [Most composites] – One Step (www.bisco.com)
Dual cure bond agent [Posts, endo access, under metal] – All Bond 3 (www.bisco.com)
Curing light – Elipar S10 LED light (www.3mespe.com)

Burs & Diamonds:

Diatech. (800.222.1851) as follows (www.diatechuas.com)
Finish diamond 859-018-8 – micropreps, contouring porcelain & composite, beveling, veneer preps
Football diamond 379.023.5 MLX – crown preps lingual of incisors, occlusal of post teeth..
End cutting diamond 839.012 blue – refine, smooth margins for all porcelain crowns
Microcopy “disposable” burs and diamonds
FG 330 burs – single packaging, head length is 1.9mm, head width is 0.8mm
Round taper diamonds – 1116.8C -- single packaging, 8mm long, course
Brasseler for bur blocks customized to what you use (www.brasseler.com)

Bonding agents:

Total etch – dual cure bonding agent, very deep preps, posts, etc – All Bond 3 (www.bisco.com)
Self etch – All-Bond SE ACE – (www.bisco.com)
Light cure bonding agent – One Step – for routine anterior and posterior composites (www.bisco.com)

Matrices:

SuperMat Matrix system – Schein #123-2737 – (www.kerrdental.com)
Blue View Pinch Matrices (www.garrisondental.com)
Composi-Tight 3D Sectional Matrix kit – (www.garrisondental.com)
Posterior sectionals, rings, forceps – Triodent V3 800.811.3949 (www.triodent.com)
Full contour clear bands -- Supermat SuperCap Spool 5.9mm Blue (www.kerrdental.com)
Contour-Strip Matrices – Ivoclar/Vivadent –Schein #945-3005 (www.ivoclarvivadent.com)

Impressions:

Impression materials – PVS – Precision Putty Jars (SPD1517) (www.discusdental.com)
Lite Body – Precision Wild Berry (SPD1509) (www.discusdental.com)
Impression trays – Gripper (SPD1415, SPD1414) (www.discusdental.com)
Exacta Dental – anterior, posterior, full arch (7013, 7011, 7014) (www.exactadental.com)
Dentures/partials – Accu-Dent System 1 and 2 (www.ivoclar.com)
Digital impressions – CEREC and CEREC connect (www.sirona.com)

Hemostatics:

Ferric sulfate liquid – Ultradent ViscoStat Wintermint – refills for syringes 800.552.5512 (www.ultradent.com)
Retraction/hemostatic paste – ExpySyl – Schein #123-8225 (www.kerrdental.com)
Cord – Ultrapak cord – (www.ultradent.com)

Cements.Luting:

RelyX Luting, for almost all crown and bridge – Schein #777-0580 (www.3m.com)
MultiLink Automix Universal – self etch with primer for bonded restorations other than veneers
(www.ivoclar.com) or Duo-Link SE kit (www.bisco.com) – terrific materials for routine cementation
when additional bonding strength is needed
VENEER cementation -- Choice 2 light cure luting kit (www.bisco.com)
Shofu Glass Ionomer Base Cement – Schein #195-5075 (www.shofu.com)

Laser:

Odyssey – (www.ivoclar.com)
NV Microlaser cordless – (www.discus.com)

Retraction/suction:

DentaPop – retraction, prop, suction – (local supplier)
Isolite – retraction, prop, suction, light – (www.isolite.com)
DryTips – buccal tissue retraction, saliva control – (local supplier) (www.molnlycke.com)

Endo:

Root ZX II – has optional handpiece for it (www.morita.com)
Obturators – ThermoFil (www.dentsply.com) or Soft-Core (www.sybronendo.com)
Sealer – non eugenol sealer like Sealapex (www.kerr.com) or Resilon (www.kerr.com)

Communication systems: iCom rechargeable radios – FastRadios.com (800.691.3970)

Hygiene: Chlorhexidine – PerioRx for Rx or into piezo electric PV1209 (www.discusdental.com)
Pro-Select Piezo Ultrasonic Scaler with heated irrigator – (www.zila.com)

Bleach: Speed stone – quick set stone (www.discusdental.com)
Day White, Night White, Zoom --- varies on pt desire and sensitivity (www.discusdental.com)

Vacuum forming: Suck machine-- Erkoform-3d – Erkodent / Glidewell labs or Druformat Scan – Dentsply Essix
Speed Stone – (www.discusdental.com)
Plastics from Dentsply Essix (www.essix.com)

- i. Moving teeth ... ACE .040in 125mm circle, minor tooth movement with Hilliard Pliers
- ii. Essix pontics ... ACE .040in 125mm circle (same as above)
- iii. Retainers ... ACE .040in 125mm circle (same as above)
- iv. TMJ/Bruxism splints ... Erkoloc Pro Hard/soft (1mm soft, 2mm hard)
- v. Essix Embrace .040in 125mm circle...harder and easily add acrylic to

Saw to cut plastic off model item 18320 (www.essix.com)
Trimming and polishing item 18981 (www.essix.com)
Put in case

Various things: Caries indicator – Sable Seek (www.ultradent.com)
Fracture detection -- Tooth Slooth II – Schein #107-2683 (www.toothslooth.com)
